FREEDOM

Christian Church

Christianese

We are noted in church for using language that no one else knows. This can be a bad thing because it makes it hard for new people to understand. This is an inevitable thing; any area of special interest needs special vocabulary. Ask a sailor. It means that we can communicate quickly and clearly.

Below is a list of words that we use often in church.

How do you understand these words?
How would you define them?
How would you explain them to someone?

There are some limits to this exercise. It is almost impossible to do justice to these words. Inevitably, they will have bigger meanings than what we are likely to arrive at today. Given more time and thought, our definitions will be better.

We will all understand different aspects of these words, so this is a personal exercise.

And some of our answers will be just plain wrong.
